

# **Download Handbook Of Normative Data For Neuropsychological Assessment**

When Handbook of Normative Data for Neuropsychological Assessment was published in 1999, it was the first book to provide neuropsychologists with summaries and critiques of normative data for neuropsychological tests. When Handbook of Normative Data for Neuropsychological Assessment was published in 1999, it was the first book to provide neuropsychologists with summaries and critiques of normative data for neuropsychological tests. Although several books on the administration and scoring procedures for tests are available to neuropsychologists, the Handbook of Normative Data for Neuropsychological Assessment is the first reference to present and critique the available normative data for the most common neuropsychological tests: Trail Making, Color Trails, Stroop, Auditory ... The book is a collection of normative data for commonly administered neuropsychological instruments. Included are summary tables of normative data from numerous studies and meta-analytic tables ...
